MEMORANDUM FOR THE RECORD

SUBJECT: Philippine National Policy Paper

1. On Friday, 4 September, I attended a meeting at the State Department of agencies concerned with the Internal Defense section (Part II, Section III) of the Philippine National Policy Paper. The meeting was chaired by Paul Kattenburg, S/P, and attended by representatives of DIA [redacted] DOD/ISA (Mr. Toner), and State/INR (Edna Barr); CIA was represented by [redacted] FE/[redacted] and me. [redacted] contributed a draft of the Internal Defense section as the initial DD/P contribution to the NPP.

2. Kattenburg discussed his proposed outline for the Internal Defense section. On Friday, 11 September, he intends to present a complete draft outline of Part II of the paper to a plenary session of the contributing agencies. He hopes to have drafts of all the Part II components submitted to him by early October.

3. Kattenburg is most interested in receiving, from any and all hands, some thoughtful paragraphs on "the strategic significance of the Philippines to the US."

4. No commitments were made to Kattenburg on DD/I participation. Temporarily at least, the DD/P has no commitments either.
